Decision to Wage Unlimited
Sea War Arrived At
Last November

BY CARL W. ACKERMAN
(United Press Staff Correspondent)
(With Ambassador Gerard's Party)
BERNE, Switzerland, Feb. 13.—Berlin was astonished, officials and the public alike, when President Wilson broke relations with Germany. That astonishment came because officials had recently been assured by German-Americans in the United States that Wilson would not sever relations for fear of a German-American uprising. The same belief was held by the German public.

When the American embassy train left Berlin, the Imperial chancellor, Von Bethmann-Hollweg, was admittedly downcast over the situation and believed America wanted war with Germany. It was noticeable also when Foreign Secretary Zimmermann received the American correspondents shortly before their departure, he was plainly nervous.

He likewise insisted "Wilson wants war" and denied that Germany made any irrevocable promises in the Sussex note.

Writing now from neutral Swiss soil, it is possible for the first time to tell the developments which led Germany to her decision of relentless sea war.

Determination to use the submarine in unlimited warfare dates back to November. It was then that Germany's internal affairs were at the greatest crisis of the war. The Socialists warned the Kaiser that unless he moved immediately for peace Dr. Philipp Scheidemann, Socialist leader in the Reichstag, and other Socialist leaders would head a militant movement to bring about peace. This move came at a time when the German people were destitute and despondent. Simultaneously, the powerful land owners, controlling the food supply, and the equally powerful group of industrial leaders, controlling the munition manufacturers, told the government the only way to end the war was by unlimited submarine warfare. These interests have always been anti-American. They succeeded in convincing Quartermaster General von Ludendorff.

Zimmerman Won Over
Meanwhile the National Liberals, who would welcome war with America, won over Foreign Secretary Zimmermann to the submarine policy.

Finally the Kaiser's birthday conference at German Great Headquarters, January 27, did not include in its conferees such officials as Minister of the Interior von Helfferich, Minister of Colonies Solf and the Imperial Treasurer, Count von Roeder, known to be opposed to inciting American intervention.

The speech made by Imperial Chancellor von Bethmann-Hollweg in the Reichstag early in December, where he announced peace overtures, won over the Socialists to the support of any course the chancellor might advocate.

Germans United
In the same way, the Kaiser's submarine blockade won over the food producers and the group of industrial leaders to a continuance of hostilities. The government's peace proposal united the German people. They believe firmly they must fight on in their own defense. Everybody in Germany is working night and day. The answer which the Entente powers returned to the peace proposal, as well as to President Wilson's suggestion, so frightened Turkey that the Ottoman empire will continue the war with more determination than ever.

CAPTAINS OF GERMAN VESSELS AT S. F. HELD RESPONSIBLE FOR MEN

SAN FRANCISCO, Feb. 13.—Captains of the four German vessels in San Francisco bay will hereafter be responsible for the appearance of all members of their crews on demand of United States officials. Immigration and customs guards placed aboard the vessels a week ago were removed today on receipt of orders from Washington.

Hindenburg Is Ready to Land Final Blow to End War Before U.S. Enters

BY CARL W. ACKERMAN
(United Press Staff Correspondent)
BERNE, Switzerland, Feb. 13.—Germany's public and officialdom do not believe entrance of America into the war would have the slightest effect on the outcome.
As a matter of fact, Field Marshal Von Hindenburg believes, with preparations now under way, the war will be won by Germany before America could enter—if she does enter.

When Ambassador Gerard and his party left Berlin orders had been issued by the German military authorities cancelling all vacations of army officers and men for the month of February.
That move developed the information that Von Hindenburg was awaiting the opportune moment for the great, final effort of Germany's forces.

Germany's military leaders believe the moment of Germany's victory is at hand. They hold that this victory will be achieved because of the success which will attend the unlimited submarine warfare and because of the shortage of French munitions and supplies, due to lack of coal in France.

Moreover, these leaders think the final, overwhelming effort will be made and complete success achieved before America can move.

Though the German army and navy is prepared—and anxious—for war with America, German newspapers have been urging Americans to work for peace and have been beseeching the German admiralty not to torpedo ships carrying American passengers. Their efforts, however, do not appear to be successful.

During the past three months the German censorship has been most severe. Correspondents have been unable truly to picture conditions in Germany. Only such dispatches as were designed to influence American opinion were allowed to pass.

Berlin cannot understand why America maintains her diplomatic relations with Austria Hungary after having severed with Germany. Officials pointed out, before the Gerard party left the capital, that Emperor Carl and the Austrian foreign minister were both present at the conference on Jan. 27th—Kaiser William's birthday—at Great German headquarters, where it was decided to open the unlimited submarine war.

Moreover, Berliners pointed out, Austria Hungary, through her emperor and foreign minister, at that time accepted, with Germany, full responsibility for such warfare.

REVEAL BRITISH SAFETY LANE IN DEATH ZONE BRITISH DESTROY RAIDER, DIVER, NEW RUMOR

LONDON, Feb. 13.—Passengers seeking to book on American line vessels were today told to sign waivers relieving the company from responsibility in case of accident, or passage would not be granted them.

NEW YORK, Feb. 13.—With the unexpected arrival here today of the Cunard liners Laconia and Ascania there was brought news by passengers aboard of the steps England has taken to protect her shipping in the "death zone" around the British Isles.
Britain now has a veritable land between America and England through which vessels may steam with a fair measure of safety, passengers stated.

The safety lane, it was learned, is guarded by warships which keep in constant wireless touch with each other.

The liners Laconia and Ascania arrived from Liverpool. Both are armed and carried freight. They were conveyed through the danger zone by British warships.

2 MORE BRITISH SHIPS
SUNK IN DEATH ZONE
LONDON, Feb. 13.—Bringing the total of ships reported lost since February 1 up to ninety-one, it was announced today that the White Star steamer Africa and the British steamer Foreland had been sunk.

The Africa is believed to have been in transport service. Seventeen of her crew are missing.

BRITISH ZONE DEFENSE
AIDS MARINE STOPS
NEW YORK, Feb. 13.—International Mercantile Marine stocks advanced today in the face of the tie-up of ships of the American line, traders evidently taking an optimistic view of the British safety lane developments.

Marine preferred sold up one to 68½ and the common advanced 3½ to 23.

3 YANKEES FROM DIVER
VICTIM LANDED
LONDON, Feb. 13.—Three Americans included among fifteen members of the crew of the steamer Saxonia, sunk by a submarine February 8, were landed today. W. E. Gard, one of the Americans, was injured. The others were Elwood Moore and John Stefani.

The survivors declare the Saxonia was torpedoed on Wednesday, February 7, and that the vessel's crew of thirty-eight left the sinking ship in two boats. One of these boats was afloat fifteen hours before being picked up and the other sixty-eight.

The Saxonia's boatswain died of wounds and four of the crew were injured.

HALT MOONEY SENTENCE
SAN FRANCISCO, Feb. 13.—Thomas J. Mooney's attorney today secured a continuance until Monday in his efforts to get a re-trial, and his death sentence was postponed.

U-BOAT EMBARGO JAMMING WEST WITH LOADED 'FREIGHTS'

Refusal of Eastern Railroad
Lines to Accept Shipments
Causes Congestion

CHICAGO, Feb. 13.—Announcement that several big elevators are planning to close owing to inability to ship, is causing grain prices to drop from 2 to 3 cents. It is said that the market will be completely demoralized unless cars are available soon.

SAN FRANCISCO, Feb. 13.—All freight being accepted by the Santa Fe and Southern Pacific is subject to eastern embargoes.

CHICAGO, Feb. 13.—Refusal of eastern railroads to accept shipments owing to the submarine embargo, is causing an almost unprecedented congestion of loaded freight cars in western terminals, according to officials on various western trunks.

Steps were being taken here today to relieve the situation here by adopting the measures taken by eastern roads. From the operating departments of several of the western roads went out orders to refuse shipments billed to destinations east of Chicago or the Atlantic seaboard, unless guarantees of storage facilities were presented.

In Chicago yards, according to officials of the Rock Island, there are more than 900 loaded cars consigned to the Atlantic seaboard from points on the Rock Island alone. Most of these contain grain for export. Eastern roads will not handle them until swift clearance is assured. At other Rock Island terminals are 700 additional cars.

Face Big Problem
Northwestern officials also admit that they are facing a problem in keeping their rolling stock moving toward the eastward and in supplying empty cars to western shippers.

Kansas city and St. Louis report bad conditions. Only one road out of St. Louis is giving through bills to the seaboard. Shippers are up in arms, but thus far have secured no relief.

In Kansas City shippers declare the situation is the worst they have ever known. The freight tied up in one yard consists mostly of grain, hay, alfalfa meal and lumber. The Santa Fe probably is the worst hit because of its being the largest line tapping the middle and far western markets. Other roads entering Kansas City also report great difficulty in getting cars to seaboard destinations.

That there are more than ten thousand cars tied up in Chicago yards alone was the statement of Chicago, Burlington and Quincy officials.

More than 2000 cars loaded with lumber and cotton are being held in the Big Four yards, according to J. H. Porterfield, general superintendent of transportation of that line. In addition to these, six hundred are held at Indianapolis and 2400 at other Indiana and Western Pennsylvania points.

East-bound shipping is at a standstill. It is explained that the German submarine embargo is holding goods to the limit of eastern storage and as a result eastern roads are unable to unload cars.

With warmer weather predicted and a continued embargo on shipments east of Chicago, commission men look for a big decline in prices on foodstuffs. The result, they say, will be the flooding of western markets with perishable and non-perishable foodstuffs. The uncertainty of the national political situation will prevent speculators from holding on or cornering the market and farmers are loath to overlook the present opportunity for securing top figures for their produce.

On the other hand, the effects in the East would be exactly the reverse. While in the bottom would be dropping in the West, prices would soar at eastern cities. Even if the embargo should be lifted, the market would not be affected to any great extent for some time, dealers say, because the traffic released would be consigned to waiting bottoms for export.

BULLETIN

WASHINGTON, Feb. 13.—The Helm board in a report made public by the navy department today recommended the establishment of a submarine training base at Los Angeles, a submarine operating base at San Diego and an aviation base at San Diego bay. The report recommends the appropriation of \$300,000 for the Los Angeles base and the purchase of 266 acres of submerged lands offered by the city of Los Angeles.

Bernstorffs Say Farewells Entrain For N. Y. Tonight

COUNT and COUNTESS VON BERNSTORFF

Recalled Envoy Burns Great Mass of Correspondence At Embassy

WASHINGTON, Feb. 13.—Count and Countess von Bernstorff bade farewell to Washington today.

They will leave for New York tonight on a special train and sail tomorrow for Germany aboard the Frederick VIII.

Bernstorff's last hours were given over to formal good-byes to a circle of friends he has gathered in eight years service as the Kaiser's envoy.

His official business has been turned over to the Swiss officials and he has destroyed in his fireplace the last of a massive collection of personal and official letters he does not desire to remain on record.

A state department official and a guard will attend him en route to New York.

GERMAN NEWS WRITER AT CAPITAL FAILS TO TAKE 'HINT' TO LEAVE

WASHINGTON, Feb. 13.—The State Department regards Dr. George Barthelme, German newspaper correspondent, practically as a German official and as such he is unwelcome at the department.

Barthelme, it is claimed, inspired the peace negotiation "feeler" which President Wilson rejected yesterday. Officials would like to see him return to Germany with the German ambassador. It was denied, however, he had been "assisted" in getting passports.

The State Department is understood to have indicated to Barthelme "its willingness" to obtain a safe conduct for him, but he had not accepted the hint up to this forenoon, it was said.

U. S. SLEUTHS PROBING PAST OF MAN NABBED AS TEUTONIC AGENT

SAN FRANCISCO, Feb. 13.—George Kieft, believed to be a German agent, is held at the Angel Island Immigration station today while United States secret service agents are investigating his activities. Kieft arrived yesterday from Manila on the transport Sheridan as a stowaway.

Kieft boarded the transport in the uniform of an American soldier. He was not discovered until the Sheridan was several days out, when the men were mustered. In explanation, Kieft told officers that he was broke and wanted to get to the United States. In his trunk were papers indicating that he is a German agent.

FRED FULTON'S CHAMP HOPES ARE IMPROVING

NEW YORK, Feb. 13.—The championship hopes of Fred Fulton, the Minnesota Giant from Nebraska, are considerably stronger today. Negotiations are said to be on for a match between Fulton and Frank Moran, Jim Coffey or Carl Morris, preliminary to a match with Jess Willard for the world's championship.

NAVAL MEASURE APPROPRIATING \$369,000,000 IS PASSED BY HOUSE

Defense Council Continuing
to Speed Up Work of
War Preparation

EXPERTS RUSH PLANS
FOR MOBILIZATION

Army Officials and Railway
Heads Get Together to
Work Out Details

WASHINGTON, Feb. 13.—The House today passed the naval bill appropriating \$369,000,000, the largest appropriation in history.

WASHINGTON, Feb. 13.—America continues rapidly to prepare for war, to be prepared should war come.

Army officials, heads of the country's great railway lines, labor experts and financiers of the National Defense Council today were mapping out complete plans for the speedy mobilization of the nation's military and industrial resources.

Special committees were today appointed to attend to the different angles of the preparedness work.

Secretaries Baker, Daniels, Wilson and Redfield attended today's session of the council.

BY CARL D. GROAT
(United Press Staff Correspondent)

WASHINGTON, Feb. 13.—Demands for the release of the American prisoners of the Yarrowdale will be made on Germany, it was said today. With the demands will go an explanation that the United States is not seizing German ships or crews and is interested only in seeing that the ships are not sunk as obstructions to American harbors.

Germany's tactics toward Ambassador Gerard and other Americans has aroused officials' anger and official notice that the Yarrowdale prisoners are again detained in Germany has only served to increase this spirit toward Germany.

The state department said last week Germany would learn of this government's position toward German ships which were released and indicated that it would forward Secretary of War Baker's statement on the subject as a reassurance to Germany. Officials supposed, until they heard of the detention of the Yarrowdale men, that Germany had been convinced of the safety of her citizens here.

The Yarrowdale prisoners were to have been released just before the break in relations. Now Germany has notified this government, however, that she is detaining them in that country because of absence of information as to the treatment of Germans here.

Armament Discussed
While the Yarrowdale subject is before state department heads, the question of armament for American merchant ships is absorbing President Wilson's attention. It was expected that he would rule on it today or tomorrow.

In any event, the government holds steadfastly to the view that they are entitled to armament and is trying to furnish some means of providing it, either directly or indirectly.

Some congressional opposition to the move is expected, especially as Senator La Follette has already moved against such armament in peace times.

WASHINGTON, Feb. 13.—Senator Salisbury today introduced a resolution which would throw down the neutrality bars and open American ports to allied warships. He said that such action might enable the government without a declaration of war to assist in preventing violations of our rights on the seas by assisting those engaged in combatting violations.

The resolution, it is understood, has President Wilson's approval.

SPUD PEELINGS SAVE LIFE OF L. A. WOMAN

LOS ANGELES, Feb. 13.—Potato peelings saved the life of Mrs. Elaine Du Val, 26, a stenographer, when she fell through an open manhole in front of a cafeteria here. She landed in the midst of several potato peelings, and directly on their pile of peelings.

THE MOST POWERFUL CLEAN-UP DRIVE IN OUR HISTORY

SEBASTIAN'S

RAPID DISPOSAL SALE

To the First 25 Persons

—Adult persons that attend our opening on Wednesday morning will sell one pair of ladies' or men's shoes worth up to \$2.50 for \$1.39. Be among the first 25.

\$10,000 Stock of Shoes and Dry Goods Thrown Open to the Public AT A Terrific Sacrifice

Sale Starts Wednesday, Feb. 14, 9 O'clock A. M.

The Mightiest Merchandise Calamity in the History of Santa Ana

—This town has had sales before, but never like this will be. No matter what former prices have been quoted, they will be nothing when compared with the mighty avalanche of ruinous reductions that now engulf the store. Cold type never before told such a story of downright wanton sacrifice and utter demolition of prices and profits. To sell this entire stock is mandatory; no half-way measures will suffice. Time is short and only the most terrific selling and drastic price cutting can accomplish this. WEDNESDAY I will show my hand and batter down without limit or reserve the barrier of all other sale prices with such marvelous price cutting as to make competition out of the question. Nothing short of giving goods away can match this wholesale slaughter.

A Clean Record of Eleven Years of Successful Business

—We have been in business in Santa Ana for the past eleven years, and the "Square Deal" policy has been adhered to with an unwavering zeal seldom equaled by any other concern. We have faithfully served hosts of patrons who have always stuck to this store. Now for a sale, and a real, genuine, big one. A sale that will put all others to shame. Mere words or columns of phrases cannot express to you all the GREAT VALUES to be had. You know the old saying, "seeing is believing." Visit us and we will show you we have made no idle boast; our flat has gone forth, and we are prepared to offer you the greatest bargains in our career.

Must Is Master, Cash Is King

—We have a financial obligation to meet, and after careful consideration have decided the quickest way out of it was to turn the store open to the public and give them the benefit rather than sell the store out to some jobber at perhaps 40 cents on the dollar. Now, people, carefully consider this and don't fail to comprehend its importance to you, for it will be the greatest chance you ever had to buy high-grade merchandise at less than wholesale cost.

AUTO THIEF WAS AFTER SANTA ANA MAN'S WEALTH

Geo. Bunting Offered Stolen
Ford At Price Which Ex-
cited His Suspicion

"Say, would you buy a machine from a stranger if you were offered one at a snap?"

This question was "shot" at E. J. Steinke, Orange county representative of the Southern California Auto Club, yesterday by Geo. Bunting of this city. Steinke was at the local headquarters of the club when Bunting dropped in to have a talk with him.

Bunting came near falling into the hands of an auto thief last week, and his experience prompted the question he put to Steinke.

Bunting answered an advertisement in a Los Angeles Sunday paper of a week ago offering a new Ford car at a sacrifice price. A few nights later a man giving the name of Bert Berge drove up to Bunting's home with a brand new Ford and offered to sell him the machine for \$350.

Berge offered a hard-luck story as his excuse for quoting the low price.

The story didn't sound good to Mrs. Bunting and she advised her husband not to buy.

Saturday Berge was arrested in Los Angeles along with Harry Brill and investigation proved that the two men had been stealing cars in all parts of California and taking them to San Francisco, where each was given the same engine number.

Bunting went to Los Angeles this morning to see the sheriff and identify Berge.

WESTMINSTER

FAIL TO SPELL WORD 'ENNUI'

Gathering For Westminster
Spelling Match Proves
Enjoyable Affair

WESTMINSTER, Feb. 13.—The auditorium of the school house was filled with an interested audience last Friday evening to listen to the spelling matches. The pupils of the sixth, seventh and eighth grades of the local school came marching in singing one of their school songs through paste board megaphones and led by the cornet played by Seth Cosky, one of the eighth grade. On being seated they gave several school yells, which were answered by the visiting school of Ocean View.

The first contest was between three of the seventh grade from each school, followed by one between four of the sixth grade from each school, in both of which Ocean View won. Then six from each of the eighth grades took the floor, resulting in a decided victory for the local school. Superintendent Mitchell then gave some beautiful stereoscopic views of the mountain scenery in colors, in the region of Denver, Colo., after which he put through a film of moving pictures, which illustrated the entire process of making matches, from the cutting down of the trees in the forest, through all the processes of making and testing the matches and making the boxes, up to the finished product as we get it at the grocery.

The Westminster grades then took up their march around the room, singing their challenge, "Merrily we'll spell you down," to fathers, mothers, brothers, sisters, grandpas, cousins and all, for a spelling match. This challenge was well responded to by a

BAD BREATH

Dr. Edwards' Olive Tablets Get at
the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

30,000 Fires From New Form of Carelessness

A new form of fire peril is coming into prominence as a cause of much destruction, and its fires are so directly associated with carelessness that it has been deemed necessary to issue a special warning to the people of the United States. Because of their convenience, small electric devices, such as pressing irons, curling irons, toasters, electric pads or blankets, electric plate warmers, and electric sterilizers or heaters are now to be found in almost every community. If these are used with proper care the danger would be negligible, but, unfortunately, a proportion of their users do not realize the peril of leaving them in circuit when not in use. In such cases these devices tend to become overheated, whereupon they are likely to set fire to anything combustible with which they are in contact.

Most of these fires are small, but the aggregate loss is large, and occasional instances show extensive damage, and in the case of the \$350,000 fire in the Boston residence of ex-Governor Draper; this was traced to an electric plate warmer in the butler's pantry.

Fires of this class furnish a special peril to life, being most frequently in dwellings and often breaking out at

goodly number from the audience taking their places on the opposite side of the room. After all but one of the pupils had gone down and several from the opposite side, Superintendent Mitchell concluded to bring the contest to a close by giving out the word "ennui" (pronounced on-we) and passing it on till spelled correctly. It very probably expressed his feeling at the time and quickly ended the match with victory on the side of the grown-ups.

The pupils adjourned to another room, where the boys bought boxes for twenty-five cents apiece, and ate with the one who brought the box. In the assembly room boxes of lunch were auctioned off very ably by Orvil Day, bringing from seventy-five cents up to as high as \$2.25 apiece. While the contents of the boxes were being disposed of, Seth Cosky very nicely entertained with a number of selections on the cornet. The proceeds of the sale of boxes was \$28.82, which will be used in purchasing a stereopticon for the school.

The text taken by Rev. W. T. Wardle at the Presbyterian Church Sunday morning was "God is our refuge and strength: a very present help in trouble.—Psa. 46:1. Some of the thoughts brought out were that God is too small in our thoughts and His power too little understood. No man can ever partially know God unless he takes time to be still and listen to Him. His power was shown when he slew 185,000 of the Assyrians one night. He says He will be exalted in the earth. Referring to the present war the speaker said that however one might feel about it, God says "Vengeance is mine, I will repay, saith the Lord." He closed with the following quotation:

"Behind the dim unknown
Standeth God within the shadow,
Keeping watch above His own."
The subject of the Sunday evening discourse was "Lessons from the Life of Lincoln." Some of the points of his character emphasized were, his homely commonness, his magnanimity to his enemies, his humility, obedience to truth, his sense of humor, sense of justice, patience, and last but not least, his trust in God.

A telephone message from Mrs. George Murdock was received Sunday morning by Miss Viola Wright, containing the sad news of the death of Mrs. Murdock's mother, Mrs. Clay, in Los Angeles. The Murdock family formerly lived here and Mrs. Clay has visited her daughter here. Miss Wright attended the funeral, which was Monday afternoon, and returned home Tuesday.

Mountain climbing in Japan was formerly almost exclusively limited to the dosha or pilgrims, who ascended a peak for religious purposes.

NEW PASTOR TO BE INSTALLED AT GARDEN GROVE

Services Will Be Held Thurs-
day Evening At Baptist
Church Auditorium

GARDEN GROVE, Feb. 13.—Rev. G. A. Francis, recently called to the First Baptist church here, will be installed at the church auditorium Thursday evening, Feb. 15, at 7:30. A brother, Rev. Jas. A. Francis, pastor of the First Baptist church in Los Angeles, will deliver the sermon. The charge to the pastor will be delivered by Rev. J. F. Watson, secretary of the Baptist State convention of Southern California, and Rev. E. E. Buley, manager of the Baptist Publication Society, will give the charge to the church. Special music will feature the installation services.

VON TIRPITZ IS LEGAL FIGHT CENTER

Accused of Giving False Fig-
ures Concerning Sub-
marine Warfare

NEW YORK, Feb. 13.—Intimate glimpses into what appears to have been one of the most sensational political scandals in Germany since the outbreak of the war are offered by an article in a recent issue of the Muenchener Neueste Nachrichten, a copy of which has just reached New York.

The article is an account of the trial at Munich on November 30 which has come to be popularly called in Germany "The row over Tirpitz." Two professors were the protagonists in the case, and Grand Admiral von Tirpitz, former chief of the kaiser's navy, was the central figure of the sensational court fight, although he was not personally connected with the case.

In a confidential talk with his colleague, the defendant, it was charged, had accused Tirpitz of having submitted to the foreign office false figures concerning the U-boat warfare. The defendant further charged the foreign office "through theft" discovered the alleged discrepancies in the figures.

Learning of these charges, Grand Admiral Tirpitz promptly demanded an official inquiry, as a result of which he was completely exonerated.

Significant sidelights are thrown by the article upon the political intrigues, which preceded and followed Tirpitz' retirement.

The defendant in the case was Prof. Valentin of the University of Freiburg. His accuser was Prof. Crossman, editor of the Sued Deutsche Monatshefte, one of the most widely read periodicals in Germany.

Research Work
From November, 1915, until July 25, 1916, Prof. Valentin was engaged in research work in the central bureau for foreign service, in Berlin, a department of the foreign office. His work consisted of compiling material concerning the circumstances leading up to the outbreak of the war.

The formal charge was "insult." Professor Crossman accused Professor Valentin of having besmirched his (Crossman's) honor in a letter written on September 16, and in an article published in the Berliner Lokal Anzeiger on September 25 last.

This article related to "a scandalous breach of confidence," "deliberate, infamous distortion of the truth" and "lying assertions."

Tells of Talk
Professor Valentin took the stand and told of his talk with Crossman. "Crossman attacked the imperial government," he said. "He irritated me; he provoked me. I am an historian, which Crossman is not. My impression was that Crossman was not qualified to pass judgment upon the men conducting the empire's affairs."

"Crossman had been indulging in rather romantic effusions about Admiral von Tirpitz, which provoked sharp utterances on my part. He talked of two different tendencies prevailing in the imperial department of marine and asserted that there were well defined differences. 'I spoke of differences between the department of marine and the foreign office and about the number of U-boats—I did not mention hostile boats sunk by submarines, and then I said that I had heard from acquaintances that the foreign office had obtained the true figures by an underground route.'

Warns Defendant
Here the court warned the defendant. "If the word 'theft' was spoken, you must admit it."

"I do not recall it," replied Professor Valentin. He emphasized that whenever in conversation with the plaintiff he had spoken of "authoritative" quarters he had meant Wilhelmstrasse, not Dr. Von Bethmann-Hollweg.

Professor Crossman, on the witness stand said: "The conversation became acrimonious when the name of Admiral von Tirpitz was mentioned. I was a great admirer of Von Tirpitz, and I expressed regret that this man was

ARIZONA STATE LANDS

Title Direct From the State to Purchaser

FROM \$3 To \$5 Per ACRE

The newest state in the Union is opening its resources to the world.

TERMS: \$1.15 To \$1.25 Per Acre Cash, Balance
in 38 Equal Annual Payments At 5 % Interest

THE LAST OF THE BEST CHEAP LANDS IN AMERICA

No restrictions as to residence on land or improvements, as is required on U. S. Government lands. These lands are all level, free from rocks, gravel, hardpan, alkali.

Plenty of Good Water For Irrigation, Stock
and Domestic Purposes At Reasonable Cost

THE LAST BIG STATE LAND OFFERING TO BE MADE. Land which the state of Arizona is selling so cheap and on such liberal terms that you can practically buy blindfolded. We have some very choice locations in Sulphur Springs, San Simon and Solomon Valleys, also in CASA GRANDE district.

The soil varies—you can pick land to suit your wants, Grazing Lands, Dry Farming Lands, Irrigated or Desert Lands where water can be secured by pumping or Artesian Wells with a rainfall of from 10 to 20 inches.

These lands are located in rich valleys, near main line railways and good markets, and can be purchased in 160 acre, 320 acre or 640 acre tracts (no more than 640 acres can be purchased in any one name) by any citizen of the U. S., male or female, 18 or more years of age.

We run excursions to these lands, the total cost of trip being railway fare and sleeper, which is refunded in case of purchase of 640 acres. THE NEXT EXCURSION WILL BE TO THE FAMOUS CASA GRANDE VALLEY LEAVING SATURDAY P. M., FEB. 17TH. CALL AND MAKE RESERVATION.

Don't Miss This Opportunity of a Lifetime

now taking walks for his health in his home town.

Valentin said that I was over estimating Von Tirpitz's work. The talk then turned to the grand admiral's forgeries.

"All this took place at a time when the services of Grand Admiral von Tirpitz had been publicly recognized by the kaiser after the sea battle of the Swangerack. This man was reported to me as a criminal. For it was clear that if Grand Admiral von Tirpitz defrauded the highest authority of the empire, he must be a criminal."

SWINEBREEDERS MEET AT DAVIS, CALIFORNIA

DAVIS, Cal., Feb. 13.—Swinebreeders of California gathered here today for the Western Berkshire Congress, which started a three-day session at the University of California farm today. A hog-judging contest this morning will develop this afternoon into a carcass-judging competition, after the hogs have been slaughtered. Members of the congress inspected the University farm. This evening a business meeting will be held.

PEDESTRIAN, HIT BY BICYCLE, UNCONSCIOUS

Miss Nelda Michel, stenographer in Attorney N. D. Meyer's office, was struck by a bicyclist at the corner of Sixth and Broadway at noon today. The girl was thrown against the curb, and was picked up unconscious. It is not thought that her injuries will be serious.

BILLY SUNDAY DEALS SATAN HEAVY WALLOP AS CAMPAIGN OPENS

NEW YORK, Feb. 13.—The devil got an awful wallop in the first round of the Billy Sunday preliminary campaign here today. When the Old Boy picked up his spiked tail and his pitchfork and started out from Broadway on his daily round he found prayer meetings going on in every block that houses Gotham's twelve million souls.

Beginning today these "cottage" prayer meetings will be held twice a week until Sunday's arrival April 1. One of the residences opened for the neighborhood prayer meetings in the Plaza section today was that of John D. Rockefeller, Jr. Mr. and Mrs. Rockefeller both are deeply interested in the success of the Sunday campaign. The city has been divided into twenty sections and "prayer blocks" have been systematically organized. The burden of the prayers prayed is for the salvation of "backslidden" Christians.

The important lectures on Health Foods by Mrs. Millen, of the Battle Creek Sanatorium, at D. L. Anderson Grocery Co., should be attended by every one, especially housewives. Demonstrations continuing all this week.

The Christian Science Lecture tonight.

The word "milliner" meant originally one from Milan—a Milaner; just as a "cordwainer," or shoemaker, was a worker of leather from Cordova.

CROWN CITY TOURIST POPULATION 15,000

PASADENA, Feb. 13.—Pasadena's tourist population is estimated at 15,000 at this time by hotel and railroad men. The winter population is one-fourth greater than it was last season. There are 2000 guests registered at the four large hotels—Maryland, Huntington, Green and Raymond—and this is but a small part of the total number of visitors.

Predictions made last fall that this would be the banner season in the history of Pasadena are now a reality.

The Christian Science Lecture tonight.

SHARPERS SELL NEW COINS FOR DOUBLE

WASHINGTON, Feb. 13.—Coin sharpers are using the new quarter and half dollars as a medium of swindling people in remote sections of the country, according to information reaching the treasury department. The swindlers have a quantity of the new coins and are telling people that this is a rare new issue, of which only a few coins have been struck. They are selling quarters for 50 cents and half dollars for \$1 on the strength of this argument.

The treasury department today issued a warning against these sharpers, announcing that the minting will continue until the complete needs of circulation are met.

A Little Jingle With a Big Truth

Sing a song of Spring time
And a little Paint,
For it makes the old home
Look like what it ain't.

But make sure you buy it

Absolutely Pure

Bass-Hueter Co. makes it, and it will endure.

"MY COUNTRY, RIGHT OR WRONG"

At first thought this familiar phrase might be regarded as unreasoning patriotism. There are superior souls who claim to be internationalists rather than patriots. They are not valued citizens of any government.

In an autocracy this spirit has its excuse. The people have no share in making the government, and can't be expected to submit readily to policies forced on them.

The system under which we live is of our own making. The acts of the Washington government are the acts of all of us, since the government was created by the laws we all have made. The moment that any minority or racial section fails to join in this common responsibility, it helps make the United States a mere debating society rather than a nation, and renders it about as formidable a force as a debating society usually is.

Democratic governments have usually failed because their people could not loyally co-operate. Having lost the game, they wouldn't play. Fortunately, minority political parties usually support the government in foreign peril. The only question is as to whether our more recent newcomers have caught this spirit.

Are they willing in a national crisis to accept the sentiment of the nation as a whole? Or are they here only for the fat American pay envelopes? Will they join in loyal assent to the American spirit? Will they suppress demonstrations of dissent that could easily give the idea that this is an undisciplined people lacking any unity?

Probably nearly all of our so-called "hyphenated citizens" will be found in the right place if war comes. It is perfectly natural that they should not easily lose touch of the ideals and conceptions into which they were born. But the American spirit has drawn these people into our free western life, and it can't help swaying them. Those who can't feel that loyalty to America, right or wrong, were better elsewhere. They have come here under misconception.

REMARKABLE RESULT OF ADVERTISING

Further evidence of the fact that it pays to advertise. A negro over in Brunswick was sentenced to be hanged. He had succeeded in "passing up" one execution day by conveniently escaping from jail about 2 o'clock of the morning set for his execution. He was gone several days, and when he was finally caught the sheriff had no authority to swing him off, because the day set for the execution had passed. This made it necessary for the man to be rescheduled and this was promptly done. He was to hang this time somewhere about the middle of October.

But the negro seems to have been pretty smart and he had a smart lawyer. They determined to make one more effort to save the life of him who seemed destined in a very short time to dangle around in the air.

They wanted to reach the public's eye and ear and they decided to advertise. So they bought a page in one of the daily newspapers of Brunswick and told the black man's story to the people at home. It set folks to thinking. Probably, they concluded, the negro had not been so much in the wrong after all as to demand the taking of his life. His statement made a better impression in print than it did when the defendant went upon the stand in his own behalf. The advertisement made such a good showing that a fight was started in behalf of the man and the governor recently commuted his sentence to life imprisonment.

By using the newspaper columns the negro saved his spinal column. It certainly pays to advertise.—Savannah (Fla.) Press.

A UNIVERSITY HOG

The University of California has just achieved a scholastic triumph which once more illustrates how "theoretical" and "impractical" its professors are. The triumph, to be sure, was not a Greek ode or a Latin oration; or a new refinement in higher mathematics. It was, in fact, something much more characteristic of the modern professor. It was raising a hog. But the hog was a good one—so good that the whole country was bidding for it, and it was regarded as a real triumph for California when the best bidder, by paying \$1500, kept the hog in the state. We have professors

of many things. But the professor of hogology, who can raise a \$1500 hog, is the real thing.—Fresno Republican.

STOP THAT COUGH

A hacking cough weakens the whole system, drains your energy and gets worse if neglected; your throat is raw, your chest aches and you feel sore all over. Believe that cold at once with Dr. King's New Discovery. The soothing pine balsam heals the irritated membrane, and the antiseptic and laxative qualities kill the germs and break up your cold. Don't let a cold linger. Get Dr. King's New Discovery today at your Druggist's.

PLACE—BY

DOING A

KINDNESS,

LENDING A

HAND IN all

GOOD WAYS?

IF SO

THEN WE shall

HAVE FULFILLED

GOD'S PLAN for

MAN.

ALOHA OE.

"SHORT OF WAR"

Where the United States Stands

By Chester H. Rowell

It may clarify matters somewhat to explain the exact technical situation in which the United States finds itself.

We are in the state known to diplomats as "non-amicable, short of war." There are many possible steps in this stage of the situation. The most definite is the one already taken, the "withdrawal of diplomatic relations." This is a step which theoretically does not involve war, and which, when used by a major power against a minor one, for discipline or warning, may not lead to war. The United States, for instance, has at various times disciplined Brazil, Mexico, and various Central American states by this method. But between first-class powers this step in the past has always led to war. If it does not lead to war, or leads only to limited war, in this instance it will be on account of unprecedented conditions.

Still in the "short of war" stage, there are numerous steps which can be taken. There is "retorsion," which is a sort of industrial or civic anti-reciprocity, and "retaliation," and "reprisal," which are the infliction of injuries in response to injuries received. Then there are uses of force to specific ends, without general war, and the "pacific blockade," "embargo," and "non-intercourse."

Finally, when war comes, it may be either what the old writers call "perfect" or "imperfect." More accurately, it is "general," or limited. The Federal Court of Appeals has defined the difference as follows: "A perfect war is that which destroys the national peace and tranquility, and lays the foundation of every possible act of hostility; the imperfect war is that which does not entirely destroy the public tranquility, but interrupts it only in some particulars, as in the case of reprisals."

The United States, for instance, would be in a "perfect" or general war with Germany if it joined the Allies in the campaign for the defeat and subjugation of Germany, but if we merely conveyed our merchantmen with armed vessels, seeking to destroy German submarines attacking them, and confiscated German interned vessels in reprisal for our vessels and com-

merce lost, it would be an "imperfect" or limited war.

War itself is not a mere act; it is a state. It may be established by formal declaration, even without hostile acts, but acts alone do not constitute war, except when they establish a recognized status.

The best definition, perhaps, to apply to modern conditions, is that "war is the state of things in which a nation prosecutes its rights by force." The official definition of the United States (General Orders No. 100, April, 1863), is that "Public war is a state of armed hostility between sovereign nations or governments." The importance of the exact determination of the point at which hostile acts become war is that, in the state of war, third parties thereby acquire duties and disabilities which the mere acts of violence would not establish. The sinking of the Lusitania, for instance, was not an act of war against the United States, but a similar act now would at once provoke a state of war, which would be declared to have extended back to that act.

War does not always begin with the declaration of war. In the Mexican war, for instance, two battles had been fought before war was declared, and the declaration itself, as well as the message of President Polk asking it, recited that war already existed by act of Mexico. Both the Japanese-Chinese war of 1894, and the Japanese-Russian war, actually began before they were formally declared. The Spanish war dated from April 21, 1898, and was declared to have existed since that date by a formal declaration actually passed four days later. War, therefore, may be established by declaration alone; but can be established by act alone only by the subsequent recognition of that act.

In theory, every citizen of a hostile country is an enemy, subject to the hardships of war. But modern humanity recognizes the distinction between a soldier and a non-combatant, and treats the civil population with all the consideration possible.

These are mere suggestions of the technical situation as an aid to better understanding of possible events.

WITH MALICE TOWARD NONE

By Henry James

Queries
Is there reasonable explanation of the circumstance that Tom Lawson is not under indictment for perjury? If this country were really to have war with a foreign power, and T. R. were to go to the front, would the power turn tail, or would it come right on and take chances?

A Real Menace
The Japanese have taken to the manufacture of "Scotch" whisky, imitating the color, taste and smell, but overdoing the kick concealed in the stuff. They counterfeit bottles and labels too. Such perils as this is likely to give prohibition a boost.

Automobiling
If a boy or a girl were to attempt to drive a team of half-broken horses at full speed through the crowded

streets, in all probability a fuss would be made about it.

Give either of the same kids a high-powered machine, wilder than the team, and capable of greater speed, and people get out of the way if they can, taking it for granted that the experience is a matter of course.

A Personal Blow
These be sad days for William Bayard Hale. Don't know Hale? Why, he's the man who has been managing the whole continent of Europe and telling about it in the papers.

Unnecessarily Alarmed
If I were Bishop Bradford I would not worry about that war that is to be between the white and yellow races.

It is my opinion that the good bishop is suffering from an undrugged and highly moral pipe dream.

Superstition
Proudly disclaiming that superstition had any hold on him, a citizen of

Santa Monica walked under a ladder from which he jarred a pot of nice blue paint, the receptacle as it alighted on him enclosing his dome, which at the same instant was profusely decorated.

One may not go too far in defying superstition, but it is possible to go in the wrong direction.

Going Some
In the month of January there were 130 automobiles stolen in Los Angeles. In January of the year before the total was 85, and the general opinion at that was that the thieves had had done fairly well for themselves. There is a growing sentiment that a look of judicial disapproval and a slap on the wrist constitute a faulty agency of reform.

Reversal of Good Form
According to the statement of a well-meaning reporter, a certain couple were married after a three days' honeymoon.

Not proper conduct at all, and yet, when they had made all the amends they could, it was not fair to give them away.

Orange Day
All Californians respect Orange Day and are ready to do their part in celebrating, which consists of eating all of the fruit they can conveniently hold.

In view of this willingness it is up to the growers to loosen up on something better than the culls that city folks generally get when they buy oranges.

Feeling Better
A few weeks ago I commented on the impossibility of getting a shoe-string upon the integrity of which it was possible to rely.

Since then I have procured a pair that now have been worn for three days and still retain the metal tips.

An Original Type
When a San Francisco woman was informed that her husband had shot another woman and himself she commented, "Ain't that the limit!" Grammar far from flawless but mental attitude stamps her as superior.

The Christian Science Lecture tonight.

Dr. Magill, Osteopath. Phone 956-W.

THE WEATHER

Unsettled weather and probably showers tonight or Wednesday. West-erly winds.

Feb. 12—Maximum 60, minimum 45. Rain, .03 of an inch.

BIRTHS

BARNES—In Santa Ana, Cal., Feb. 11, 1917, at the home of Mr. and Mrs. G. A. Edgar, to Mr. and Mrs. H. E. W. Barnes, Jr., a 7-pound son, who will be H. E. W. Barnes the Third.

DEATHS

NICHOLS—At Westminster, Cal., Feb. 12, 1917, Mrs. Malinda Nichols, aged 70 years.
—Funeral services will be held tomorrow at 10 a. m. at the Free Methodist church, this city, Smith and Tut-hill in charge.
The decedent was the wife of John L. Nichols.

MARRIAGE LICENSES

IN SANTA ANA, ON FEB. 10 August A. Fingado, 61, and Alvina Peter, 61, both of Anaheim.

MAN AND WIFE ON HIKE TO EVERY STATE IN THE UNION

Hauling 'Pushmobile' Couple Passed Through Santa Ana This Morning

Starting from Salem, Ore., on July 17, 1916, on a "hiking tour" of every state in the Union, Mr. and Mrs. J. A. Personette arrived in Santa Ana this morning en route to San Diego. They passed an hour here. A pushmobile carries their camping equipment and the man and wife trudge the roads pulling the cart. The rig, with equipment, weighs about 175 pounds.

The couple started out without money or anything to eat and are making their way by working at points along the way and by selling postcards.

They will visit the capitol of each state and endeavor to secure the signature of the governor of every state. They expect to put in four years on the tour.

They average about twenty-five miles a day on a straight hike. They started out with the intention of making this schedule and they have followed it so far without deviation. They have been at Long Beach for a week.

"We started on the tour for an education and record," said Personette this morning. "It is not a health stunt, although the health of myself and wife has been greatly benefited by our eight-months' tour. My wife enjoys the walking and does her share of the work in pulling our rig. We have received cordial receptions wherever we have gone. We do all kinds of work and in accepting anything that is offered us we get experience that will be valuable to us."

"We have worked in hotels, on farms, in orchards, and when we have accumulated a little wealth, we continue on our journey. We are not begging—we are working our way. We are not walking on a wage and therefore are not limited to a certain time in which to complete our tour."

MAIL RECEPTACLES MUST BE PROVIDED FOR CITY CARRIERS

To facilitate the delivery of mail, this office again asks the public to provide mail receptacles. The postmaster general has repeatedly urged all postmasters, where city delivery is in effect, that patrons provide mail receptacles. It is only going to be a very short time until an order will be issued making it compulsory for patrons of city delivery office to provide these receptacles, under penalty of having their mail placed in the general delivery. An order is already in effect compelling patrons of new territory, asking for city delivery, to provide receptacles.

Surely it is no hardship to provide these receptacles, for one can be purchased from 50 cents up, and then the labor of a minute of tacking it up. The advantages of a mail receptacle are many, for they not only insure the safety of your mail, but enable the carriers to cover their routes more rapidly. This all helps to improve the service. Why not, then, co-operate with the postoffice in obtaining

these results?

The patrons of this office are away behind in this matter, and it is not to the credit of Santa Ana that such is the case. Many cities have more than 90 per cent of mail receptacles, and the showing here in Santa Ana is very poor.

Why not get busy right away and put up that mail receptacle, for later on you are going to be compelled to provide it, or else lose the privilege of free delivery at your respective doors? Won't you consider this in its proper light? The time to act is now.
CHAS. D. OVERSHINER,
Postmaster.

RED LIGHTS MAY SAVE ANAHEIM PALM TREES FROM MOTORS' DAMAGE

ANAHEIM, Feb. 13.—Red lights will adorn all the stately palms beautifying several Anaheim streets if a request made by the Wednesday Afternoon Club is acted upon by the city council. Because a few motorists have collided with some of the trees, clubwomen believe the lights should be installed for public safety.

PROHIBITS SMOKING AROUND ITS WORKS

FULLERTON, Feb. 13.—The Standard Oil Company has made an announcement to all employees working around its wells, storage tanks and pumping stations to the effect that smoking will not be tolerated.

Owing to the great danger of disastrous fires and destructive explosions the order will be as much of a benefit to the men as to the company.

Carelessness in lighting a cigarette near a gasing well has caused the death of many oil men in some fields, and the destruction of much valuable property.

A Texas Wonder

—The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame backs, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment, and seldom fails to perfect a cure. Send for testimonials from this and other states. Dr. E. W. Hall, 2296 Olive street, St. Louis, Mo. Sold by druggists.—Advertisement.

JERSEY COW AND HER CALF STOLEN, SOUGHT

Deputies from the sheriff's office this afternoon kept a sharp lookout for a dehorned Jersey cow and her calf, reported to have been stolen from Ocean avenue, Long Beach. The report stated that the animals had been loaded in a truck, and the last seen of them was going through Seal Beach into Orange county.

SAYS WHAT HE SAID

L. A. Sweet states that at the Taxpayers' League meeting Saturday he said that the city money, if put in a bank, should be secured according to law and that it should draw the lawful rate of interest.

Cut This Out—It Is Worth Money

—DON'T MISS THIS. Cut out this slip, enclose with 5c and mail it to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive in return a trial package containing Foley's Honey and Tar Compound, for bronchial and la grippe coughs; Foley Kidney Pills, for lame back, weak kidneys, rheumatism, bladder troubles, and Foley Cathartic Tablets, a whole some and thoroughly cleansing cathartic, for constipation, biliousness and sluggish bowels. Rowley Drug Co.

RIVERSIDE IS MADE OFFER BY CARNEGIE

RIVERSIDE, Feb. 13.—The board of directors of the Riverside public library has made public the offer of Andrew Carnegie to provide additional funds to the amount of \$35,000 for the building of an addition to the library building, on condition that the sum of \$30,000 be raised for a museum and lecture room, children's room, music room and roof garden, with additional shelving space to provide capacity for 100,000 volumes. Ways and means are being considered for meeting the offer of Mr. Carnegie.

WHITE HOUSE WINTER SOCIAL SEASON ENDS

WASHINGTON, Feb. 13.—The winter social season at the White House officially closes tonight when the President and Mrs. Wilson give a dinner in honor of Speaker Champ Clark and Mrs. Clark.

The guest list will include many of the most prominent members of Congress, several of the cabinet members and a few outsiders.

SANTA ANA BOY HOME AFTER NAVY SERVICE

Home after completing four years of service in the United States navy, John Stillwell, son of Mrs. Anna B. Stillwell, 420 East Fifth street, is in Santa Ana renewing acquaintances. Young Stillwell is determined to enlist at his earliest opportunity. He thinks that "there is nothing like the navy." He will be in Santa Ana for about two weeks.

Aboard the armored cruiser San Diego, at that time flagship of a squadron, Stillwell made seven different trips to the western Mexican coast, visiting every port.

Stillwell has visited practically every port in Asiatic waters.

WOMAN SLAYS SELF AT EL CENTRO WITH GAS

EL CENTRO, Feb. 13.—Moving from one hotel to another because of the lack of gas connection, Mrs. Edward Walker, 40, wife of a prominent rancher at Newman, Cal., asphyxiated herself here. She left a note stating that some persons had betrayed her confidence in financial matters.

EQUIPMENT FOR WOODEN MILLS PRACTICALLY ALL HERE

McAfees Complete Dismantling of Big Plant At Albuquerque

J. F. McAfee and son, James F. McAfee, who are to have the management of the wooden mills, returned Saturday night from Albuquerque, where they had been for several weeks superintending the dismantlement and shipment of the equipment in a mill there.

There were six carloads of machinery, four of which have already arrived. Two are now on the road here. W. L. Hofer, who will be superintending of carding and spinning, accompanied them here, and is the first of the expert workers to be employed at the mills to arrive.

It will take about ninety days to get the factory in running shape. If nothing occurs to delay the building and installation work the plant will be started about the first of June.

AT THE COURTHOUSE NO COMPROMISE IN CONTEST OF WILL REACHED

G. C. McCuiston Must Pay \$20 a Month or He Will Be Sent to San Quentin

After two hours conference this morning, attorneys concerned in the fight over the will of Charles C. Campbell, at one time a resident of Orange, and his estate, which is appraised at \$26,250, were unable to reach any compromise, and immediately after noon the selection of a jury to try the case was begun.

Charles C. Campbell died at the insane asylum at Patton on March 1, 1915. His will was filed for probate by his brother, D. F. Campbell, a well known orange grower of Orange, represented by Attorneys G. H. Woodruff and Clyde C. Shoemaker of Los Angeles. Under this will, all of the estate excepting about \$3000 goes to the ten children of D. F. Campbell.

The contest was entered by Mrs. Margaret C. Ferris of Los Angeles, a sister of C. C. and D. F. Campbell. The contestants are represented by Attorneys Clyde Bishop of Santa Ana, Fayette Lewis and Haas & Dunnigan of Los Angeles.

The contest papers declare that for several years previous to his death, C. C. Campbell was dominated physically and mentally by his brother, D. F. Campbell, and that it was through the undue influence of D. F. Campbell that the will was made leaving the estate largely to D. F. Campbell's children. The will was written on March 31, 1911, and was witnessed by R. C. Blythe and E. B. Peers, both of Orange. Should the will be set aside, the estate would go to the brothers and sisters of the deceased.

The case is being heard by Judge West.

This week Judge Thomas is at Riverside, where he is trying a case in the superior court of that county.

Pay or Prison
This morning G. C. McCuiston, formerly a real estate agent here, was told just what he will have to do if he wants to keep out of San Quentin for the next two years. He was up before Judge West for sentence, after pleading guilty to failure to provide for his minor children. Judge West withheld the pronouncing of sentence for two years, reserving, however, the right to sentence at any time he sees fit within that period. The judge ordered McCuiston to pay \$20 a month the first year and \$25 a month the second year to the county probation officer for the use of his children, and

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair

—You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" as any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.—Advertisement.

A Lecture on Christian Science

By BICKNELL YOUNG, C. S. B. of Chicago

Member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

At the Grand Opera House Santa Ana, Cal., Tuesday, Feb. 13

AT 8 O'CLOCK P. M. DOORS OPEN AT 7:30. NO TICKETS REQUIRED.

he told McCuiston that if he did not keep up the payments he would be sent to San Quentin.

For Foreclosure
The Pacific Mutual Life Insurance Co. has brought suit to foreclose a \$3500 mortgage. Alice M. Deist is a defendant.

Will Is Filed
The will of Mrs. Margaret McClintock was filed for probate this morning. Walter Eden appearing as attorney for Miss Cora McClintock, the executrix named in the will. The estate is to be divided among five brothers and sisters. Administration is asked upon property worth \$3000.

For Guardianship
Mrs. Carrie E. D. Riddle has petitioned for letters of guardianship upon the estate of her four minor children who are interested in a \$1000 life insurance policy. F. C. Drumm of Orange is attorney for the petitioner.

IMPERIAL DAM PERMIT IS GRANTED TODAY

PASADENA, Feb. 12.—George Barr McCutcheon, author of "Graustark" and other favorites, believes that women in California are growing younger in appearance. The novelist and Mrs. McCutcheon are at the Maryland for a stay of several weeks.

"It wasn't so very long ago that a woman of 35 or 40 was considered old and feeble," the writer declared. "Now one of that age is a mere kid. She used to age rapidly because all she thought about was raising children, her housework and waiting on her husband. Her mind rapidly went to seed and her body followed suit."

"Things are different now. Women have many interests, especially in a suffrage state. They have a broader outlook on life, and thoughts on their household duties, while entirely ample, are but a part of their mental existence. They are in touch with current affairs. Their minds are active and in a constant state of development instead of a state of degeneration, as in the old days. All this tends to the preservation of youth."

KAISER AT VIENNA IS SEEKING TO STIFFEN AUSTRIA'S SUPPORT

LONDON, Feb. 13.—Whether Kaiser William's visit today to Vienna for a conference with Emperor Carl was not brought about by a desire to stiffen up Germany's ally was the subject of considerable speculation here today. Amsterdam dispatches, repeating meager advices from Vienna, merely said the Kaiser was paying a visit to the new sovereign of Austria-Hungary.

It was pointed out here today that the United States has not broken relations with Austria-Hungary and there have been hints that the American government was negotiating with the Austrian government, hoping that Austria would not endorse the German policy of unlimited submarine warfare.

British officials think Austria, which has felt the pinch of hunger and of her war losses far more than Germany, has long been wavering.

BAN ON CIGARETTES WITHDRAWN BY OREGON

SALEM, Ore., Feb. 13.—The House of the Oregon legislature recalled a bill passed Thursday prohibiting the importation or possession of cigarettes in Oregon, and after voting to reconsider, laid the measure on the table. It was understood that a corresponding measure, making the prohibition applicable only to minors, would be substituted.

WASHINGTON, Feb. 13.—Secretary Baker withdrew his ruling that an act of Congress is necessary to grant permission to farmers in the Imperial Valley to build a temporary dam for irrigation purposes in the Colorado River. A temporary dam has been built each year for several years on permits from the War Department. Recently Baker ruled that an act of Congress is necessary for a permit. Protests from the Imperial Valley farmers against the ruling were presented to Baker through Senator Phelan. The permit was to be granted by the department today.

SEEK DUESENBERGS
LOS ANGELES, Feb. 13.—Extreme efforts to get for the George Washington sweepstakes at Ascot February 25 the two Duesenbergs campaigned last season by William Weightman, millionaire sportsman, and Eddie Rickenbacker, will be made by Pete Henderson, who today is speeding to New York to join "Rick," who has just returned from Europe where he failed to get racing cars for the coming season.

The Duesenbergs are at New York and the plan is to have Rickenbacker return to the Coast with them.

The Christian Science Lecture tonight.

—To Pomona, San Bernardino and Riverside take Crown Stages 7:00 a. m., 10:00 a. m. and 3:00 p. m.

CARELESS DRIVING OF AN AUTO COSTS SAN DIEGO MAN \$10

This morning B. R. Snow of San Diego paid a fine of \$10 for careless driving of an automobile. Last October his machine collided with a machine driven by C. R. Barry of San Francisco, and it was several weeks later before Snow was located in San Diego, where he works for a produce company. The trial occurred this morning, Barry stopping here while on a trip in this end of the state.

For Bike Theft
For stealing a bicycle a Mexican named Miritos was today given six months in the county jail. Sentence was passed by Justice Howard of Anaheim. Justice Howard found Joe Perez guilty of stealing an automobile pump, and will pass sentence later. Deputy District Attorney Swanner prosecuted the men.

Charge Inebriacy
City Marshal Jernigan has sworn to a complaint charging J. E. Coe with being intoxicated. A similar complaint was prepared against Ed. Kimbro, with Officer Joseph Ryan as the complainant.

ARTIST AND MY LADY NICOTINE SCORE OVER S. F. CAFE CONVENTION

SAN FRANCISCO, Feb. 13.—Liberalism, Sadakichi Hartmann, and My Lady Nicotine have triumphed over cafedom's new-found conventions and the influence of Rev. Paul Smith's vice crusade. Sadakichi Hartmann is an Eurasian artist, critic and writer. He went into a cafe with a lady. The lady smoked a cigarette. The head waiter expostulated. He could not serve a lady who smoked, he said. Hartmann was firm. The lady could smoke if she pleased. They compromised. The lady smoked and got served.

TOKIO POPULATION IS INCREASING RAPIDLY

TOKIO, Feb. 13.—In three years Tokio's population has grown from 2,050,126 to 2,288,753, according to a new census report announced today. The present population is housed in 59,897 houses, whereas in 1913 there were only 519,735 households.

Besides being one of the leading population centers of the world, Japan's capital has the distinction of probably covering more ground than any other city. There are no apartments, "flats," or skyscrapers in Japan—earthquakes forbid them—so the little one- and two-story homes must necessarily cover a large area.

NEGLECTED COLDS GROW WORSE
A cough that racks and irritates the throat may lead to a serious chronic cough, if neglected. The healing pine balsams in Dr. Bell's Pine Tar Honey—Nasale's own remedy—will soothe and relieve the irritation, breathing will be easier, and the antiseptic properties will kill the germ which retarded healing. Have it handy for croup, sore throat and chronic bronchial affections. Get a bottle today. Pleasant to take. At all Druggists', 25c.

NOTICE FOR PUBLICATION OF TIME OF PROVING WILL, ETC.

In the Superior Court of the County of Orange, State of California.
In the Matter of the Estate of Margaret McClintock, Deceased.
Notice is hereby given that Friday, the 23rd day of February, 1917, at 10 o'clock a. m. of said day, at the Court room of this Court, in the City of Santa Ana, County of Orange, State of California, has been appointed as the time and place for hearing the application of Cora McClintock, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said deceased, be admitted to probate, that Letters Testamentary be issued thereon to Cora McClintock, at which time and place all persons interested therein may appear and contest the same.
Dated February 13, 1917.
W. B. WILLIAMS, County Clerk.
WALTER EDEN, Attorney for Petitioner.

MAN WHO WAS FRIEND OF LINCOLN, DIES ON LINCOLN'S BIRTHDAY

When the nation was observing the birthday of Abraham Lincoln, yesterday, there passed away in Winchester, Kans., a man who as a boy was a friend of the man who was afterward president of the United States during the Civil War. This man was William Pope, father of Mrs. P. H. Morrison of 619 East Second street, Santa Ana.

Mrs. Morrison's father died yesterday at Winchester at the age of 94. Recently a Winchester paper had the following concerning the aged pioneer:
 "William Pope, a citizen of Winchester, aged 94 years, and a very interesting old man, has many personal recollections of Abraham Lincoln when they both lived in Macon county, Ill. He often passed the Lincoln home, then a small cabin with a few acres fenced with rails of his own splitting. Mr. Pope tells of the future great president, when he lived there in his cabin, coming to his father's with a sack of corn to get it ground, and once a great snow came and Abraham Lincoln was short of wood and he stood on the drifts and cut trees, leaving stumps from 6 to 8 feet high. Later in life, when he had studied law and was getting prominent, he would stop at his father's house for dinner and go out and see and help feed the ducks, and would tell stories, and they were all glad to see him, often giving him a drink or holding his horse or doing such small services as a boy could do." "Oh, yes, I voted for him twice," said Mr. Pope, and mourned his death as one mourns a brother."

S. O. S. FOR MESSENGER BOYS SENT BY STATE

SACRAMENTO, Feb. 13.—The state today sent out an S. O. S. call for messenger boys. The civil service commission's eligible list has been used up. Messengers are needed in the state offices in Sacramento, San

Francisco and Los Angeles.

An examination is scheduled for March 10, and the boys who pass that examination will stand a fine chance of getting a job at an early date—salary from \$25 to \$50 a month, and an excellent start in clerical work. Boys who desire to take the examination may secure additional information from the State Civil Service Commission offices in either of the three cities.

Other examinations scheduled for March are:

March 3—Stenographer and typist, salary from \$50 to \$125 a month; geological draftsman, \$100 to \$125 a month; determinative mineralogist, \$100 to \$145 a month; graduate nurse and surgical nurse, \$50 to \$75 a month.

March 24—Inspector, quarantine division, commission of horticulture, \$100 to \$125 a month.
 March 31—Chemist, food and drug laboratory, state board of health, \$2100 a year; food and drug inspector, state board of health, \$100 to \$125 a month.

Applications will be received on or before April 1 for examination as attendant, male and female, at various state institutions.

AN INVITATION TO WOMEN

—Women are invited to visit the laboratory of the Lydia E. Pinkham Medicine Co. at Lynn, Mass., and see for themselves with what accuracy, skill and cleanliness this wonderful remedy for women's ailments is prepared. Over 350,000 pounds of roots and herbs are used annually in making this famous medicine. The great bins of herbs, the huge tanks filled with the medicine ready to be bottled, and the bottling room where it is put up and labelled for the market, cannot help but impress them with the reliability of this good, old-fashioned root and herb remedy, which for the past forty years has been so successful in the home treatment of female ills.

Closing out wallpaper at Chandler's, 510-516 North Main street.

MUST SHOW CUTTING OF TREES NEEDLESS TO COLLECT DAMAGES

SACRAMENTO, Feb. 13.—In seeking to collect damages from telephone, telegraphic and electric companies whose employees cut off branches of trees which interfere with wires, property owners must show that it was either entirely unnecessary to remove any branches or limbs or that more were removed than was necessary.

This is a point emphasized in a decision today by the Third District Appellate court, which reversed the Yolo county court in the case of J. C. Alt-peter versus the Postal Telegraph-Cable Company. The Yolo court had awarded the plaintiffs damages in the sum of \$450.

In the first place, the decision shows, public service corporations have a legal right to cut away branches of trees in the street fronting private property when they come in contact with wires. So the only chance for collecting damages is proof that more branches were cut away than was necessary. This evidence was not furnished in the Yolo case.

BEAR FIGHTING WITH RUN ON WAR FRONT

BY HENRY WOOD
 (United Press Staff Correspondent)
 WITH THE RUSSIAN ARMY ON THE FRENCH FRONT, Feb. 13.—Fighting with the Russian army in France today is a huge bear from the Caucasus mountains who seems to enjoy his sojourn on the French front fully as much as his masters enjoy theirs.

He is mascot of one of the Russian regiments that was transported half way around the world from the Russian to the French front to show the solidarity of the allies.

regular rations brought up from the rear, he permits the soldiers to divide their share with him. The Russian army has brought with it into France its own cuisins, and the soups and dishes prepared would appear to be, judging from the appearance both of the soldiers and the bear, of a highly nourishing character.

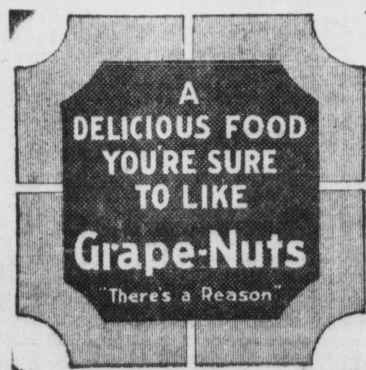

When the bear has finished his time in the front line, he accompanies the regiment to the rear for the customary six days of repose. He is always ready to go anywhere provided he remains always with the men of his particular regiment.

VISALIA PUNCH MUST HEREFTER BE SANS 'STICK,' IS RULING

VISALIA, Feb. 13.—District Attorney Lamberson has issued an official statement that hereafter the punch served at social affairs in Visalia must be non-alcoholic formula or that those in charge of such affairs will be prosecuted under the terms of the Wyllie law.

A recent hall given had a punch served, said to have been composed almost wholly of champagne. Hilarity followed.

Mr. Lamberson suggests that a deputy be appointed whose duty will be to first sample the punch served at social affairs, and if it tastes all right the service may follow.

COUNTY Y. M. C. A. CLUB CHIEFS HOLD MONTHLY MEETING SATURDAY

The monthly meeting of the County Y. M. C. A. Club leaders was held last Saturday evening at the United Presbyterian Church. The Ladies Aid served a sumptuous banquet after which Principal Prince of Anaheim acted as chairman, introducing Secretary Cole and Superintendent Cranston.

This was the largest attended leaders' meeting held this year and the men evinced great interest in the growth of the work and in the course on "Leadership" which Prof. Cranston is giving them. There are now thirty-two groups of boys and young men in the county meeting weekly for Bible study and attendant activities enrolling about 400. Reports given by the several leaders showed that the work was getting big results and with the high type of leadership even greater is anticipated.

The following men were in attendance at the Saturday evening banquet and meeting: Prof. Ensign and A. B. Crane of Wintersburg; Herman Thompson of Westminster; Eugene Grist of Old Newport; Waldo Tournet and Ruel Reed of Garden Grove; Prof. Cranston, Prof. Warren, Prof. Kelley, Prof. Smith, Will Speer, Glen Tidball and Archie Raitt of Santa Ana; Rev. McDougal, W. A. Jones and Arthur Lindsey of Tustin; Rev. Spicer, Dana Spicer, Dayton Ditchie, Floyd Watson, and R. G. Cole of Orange; Prof. Prince, Charles Pearson, Harold Goodall and Irving Quanton of Anaheim; and Prof. L. O. Culp, Niel Miles and Stanley Chapman of Fullerton.

VENICE OFFERS \$100 FOR DOG POISONER

VENICE, Feb. 13.—Chief of Police Bert Reynolds announced that he is in a position to give a reward of \$100 for

information leading to the arrest and conviction of the person who is supposed to be responsible for the death of more than twenty valuable dogs in the bay district in the last few months.

The chief said that a determined effort would be made to learn the identity of the dog poisoner, and that once found, he would be prosecuted with vigor.

WILSON NO FARMER, GRANGE MAN SNEERS

NEW YORK, Feb. 13.—There were fireworks at the City Club luncheon when S. J. Lowell, president of the State Grange, representing 120,000 farmers, spoke his mind of the treatment of farmers by city people. He also took several cracks at President Wilson for his alleged lack of knowledge of farming conditions in this state. He was easily the star performer.

"President Wilson told the members of the National Grange convention in Washington last year," said Mr. Lowell, "that the farmer must not allow shortage of crops to occur again and must prepare against it. Well, he doesn't run the weather. We raise our crops, especially apples, peaches, grapes and other tree and vine products, by taking care of them one year ahead. If President Wilson can control the hot and cold air for the farmers I wish he would."

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folk call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.—Advertisement.

14 OUSTED FROM LONG BEACH HIGH SCHOOL AS 'FRAT' MEMBERS

LONG BEACH, Feb. 13.—Members of the Long Beach Board of Education took the most drastic action ever resorted to in the history of this city to exterminate fraternities and secret organizations from the public schools, when, in compliance with the state laws governing such matters, they expelled fourteen of the most prominent students and athletes of the Long Beach Polytechnic High School.

The fourteen were all, with one exception, admittedly members of the Phi Sigma Fraternity, although stoutly denying the charge until absolute evidence was produced by the board in the form of a certified copy of Phi Sigma Eschutcheon, the official organ of the organization, published in Los Angeles, containing the names of the active members of the Long Beach chapter who were members of the High School. The board refused to divulge the manner in which it secured the telltale magazine, in which was published letters from the members telling of their activities here.

GIRL REPORTERS IN COLLEGE ORGANIZE

APPLETON, Wis., Feb. 13.—Announcement has been made by Lawrence college of the organization of a new woman's honorary journalistic sorority. The new sorority is to be known as Zeta Pi and was organized by seven of the best and most enthusiastic coeds who are members of the official Lawrence publication, the Lawrentian.

The sorority has as its ideals and purpose the uplift of college journalism. An effort will be made to establish several chapters in the various colleges of the United States within the next year.

We handle everything in produce. What have you? Good quality apples, onions, potatoes. C. C. Produce Co., 311 N. Broadway. Phone 615-J.

TOMATO ACREAGE TO BE SECURED IN VICINITY OF CITY

Placentia Canning Company Would Like to Have 100 Acres Near Santa Ana

The success of the California Packing Company in signing acreage to beans and pineapples for the local canner which is to be operated this season, has attracted the attention of the Placentia Canning Company.

The latter company now is endeavoring to secure 100 acres of tomatoes in this vicinity. Manager J. L. Stevenson, who was in this city last week and attended the luncheon of the business men, informed local parties that his company would be delighted to secure tomato acreage here, and since then quite a little inquiry has been made.

If the required acreage cannot be secured in this county the company will go to an adjoining county for the tonnage needed to supply the Placentia plant above what it has already signed up.

Tomatoes have been grown profitably in the vicinity of Garden Grove for some years, according to the statement of a Garden Grove man. The success of the individual grower depends largely on the attention given in the matter of cultivation and care. In some instances a small acreage farmed carefully produced more of the vegetable than double the acreage where the seed are planted and the plants left to grow without sufficient care.

The yield ranges from fifteen to twenty-five tons to the acre and the price averages about \$7 per ton.

W. O. Broady, in the Garden Grove district, is one of the largest growers of tomatoes in the Garden Grove district. He has been growing mostly for the eastern market and has made a big success of the enterprise.

In discussing the growing of the vegetable for canning purposes this morning, Broady said: "I believe a considerable acreage of tomatoes for canning purposes could be secured in the Garden Grove district. It is a fairly profitable industry. The one great objection to growing for this purpose is that the canneries as a rule will not handle the vegetable until after most of the fruits are out of the way, and this makes delivery coming the summer months have passed."

BURY JOTHAM BIXBY, 'LONG BEACH FATHER'

LONG BEACH, Feb. 13.—Jotham Bixby, "the father of Long Beach," was buried in Los Angeles today after a quiet funeral service at the family residence here. He died last Friday at the age of 86 after a stroke of paralysis on January 24. Funeral services today were conducted by Rev. H. K. Booth of the Congregational church. Interment was made at the Evergreen cemetery, Los Angeles.

Jotham Bixby came to California in 1852. He once owned the entire tract of land which is now Long Beach.

SON OF RICH BEACH COUPLE PAYS FINE

RIVERSIDE, Feb. 13.—Paul Holcomb of Corona, son of a wealthy Long Beach family, received a fine of \$200 in the superior court after pleading guilty to a charge of driving an automobile while intoxicated.

Holcomb is understood to have made a satisfactory settlement with two cabaret singers who were injured about a month ago in an accident to Holcomb's car, which collided with a truck on the road between Perris and Elsinore. The girls were cared for in a hospital here for several weeks.

Get the Habit of Drinking Hot Water Before Breakfast

Says we can't look or feel right with the system full of poisons.

Millions of folks bathe internally now instead of loading their system with drugs. "What's an inside bath?" you say. Well, it is guaranteed to perform miracles if you could believe these hot water enthusiasts.

There are vast numbers of men and women who, immediately upon arising in the morning, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. This is a very excellent health measure. It is intended to flush the stomach, liver, kidneys and the thirty feet of intestines of the previous day's waste, sour bile and indigestible material left over in the body which if not eliminated every day, become food for the millions of bacteria which infest the bowels, the quick result is poisons and toxins which are then absorbed into the blood causing headache, bilious attacks, foul breath, bad taste, colds, stomach trouble, kidney misery, sleeplessness, impure blood and all sorts of ailments.

People who feel good one day and badly the next, but who simply cannot get feeling right are urged to obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to make anyone a real crank on the subject of internal sanitation.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so limestone phosphate and hot water act on the stomach, liver, kidneys and bowels. It is vastly more important to bathe on the inside than on the outside, because the skin pores do not absorb impurities into the blood, while the bowel pores do.

THE high cost of living has not yet struck NONE SUCH MINCE MEAT

It still remains at 12c to 15c A Package

and the same good mince meat "Like Mother Used to Make."

MERRELL-SOULE CO., Syracuse, N. Y.

PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, Feb. 13.—Miss Emily Hiller and Jay Morrison engineered a pretty surprise party on Earl Griggs by Saturday evening at his home on North Glassell street. A crowd of his friends took part in the affair, which resulted in a fine time for everyone.

The following were present: Misses Emily Hiller, Dorothy Pease, Irah Adams, Helen McGill, Mary Flaherty, Gladys Claypool, Marjorie Wilson, Florence Miller, Virginia Clement, Marjorie Sears; Messrs. Earl Griggs, Garland Coltrane, William Brown, James Hiller, Julius Schaffert and Jay Morrison.

Mrs. Otto Linnett entertained with a birthday dinner for Mr. Linnett's thirty-fifth anniversary. It was a very pleasant occasion and the guests spent a happy evening together.

Those present were Mr. and Mrs. Ralph Shaft of Los Angeles, George Carlson of Rutland, Ill., Mr. and Mrs. Charles Nelson and son Rowland, Mr. and Mrs. Linnett and daughter Marian.

On Friday afternoon the Child Welfare committee of Orange held a very profitable meeting at the home of Mrs. F. L. Chapline on South Glassell street. D. A. Johnston of Los Angeles, district superintendent of the Children's Home Society of California, was present and gave a very interesting talk.

This society takes to its receiving home at 2814 Griffith, Los Angeles, any orphaned, homeless or neglected children. There they receive the best of care and as soon as possible are placed in good Christian homes where they become useful citizens.

The Child Welfare committee not only expects to carry on this work in Orange, but is planning the organization of a free child's clinic and in other ways hopes to aid the children of this city. The committee will have another meeting soon, when they will be very glad to hear from any others who are interested in this work.

Election of officers closed the meeting. Mrs. Fred Bates was elected president and Miss Ida Spotts, secretary.

Those present were Mesdames Huff, Baker, Lucas, Anderson, Chapline, Precht, McCall and Bates; Miss Ida Spotts, Mrs. Lloyd Grubb, of Santa Ana, and Mr. Johnston.

Blair Whitney, formerly of this city, now attached to the quarantine service at San Francisco, was here Sunday, a guest of Mr. and Mrs. C. J. Porter at Villa Park. Whitney is in charge of Port San Pedro station for a week.

Mr. and Mrs. Charles Nelson, Mrs. O. Linnett and daughter Marian, Rowland Nelson and George Carlson motored to Long Beach Sunday.

Guy R. Crump and family and Cleve Crump and family of South Pasadena, were Sunday guests of the Dr. J. C. Crawford family.

Mrs. Emma Buszek returned Friday from Lindsay, where she has been visiting her son, Marion Buszek, and family.

George Carlson of Rutland, Ill., is visiting his sister, Mrs. O. Linnett, for a few days, while touring Southern California.

FRUIT FROM PARENT NAVAL TREE IS SENT TO PRESIDENT WILSON

RIVERSIDE, Feb. 13.—President Wilson will have the fruit from this season's yield of the famous Parent Naval orange tree, from which has sprung the thousands of acres of trees that produce California's annual golden harvest. The board of park commissioners authorized the picking, packing and shipping of the fruit, deeming it fitting that the Chief Executive of the nation should receive it.

DISTRICT ATTORNEY INDICTED BY JURY

BAKERSFIELD, Feb. 13.—The grand jury of Kern county presented to Superior Judge J. W. Mahon three indictments against District Attorney Barclay McCowan, alleging perjury in each indictment.

The first indictment is based on an affidavit in a contempt proceeding instituted by McCowan against a former grand juror, and the two others are based on affidavits made by McCowan in an ouster proceeding directed against another county official. Bail of \$2500 was provided in each case.

News From Huntington Beach

HASTENING COAST BOULEVARD, WORK ON TRESTLE RUSHED

Contractor on Stretch of Road Toward Sunset Beach on the Job

HUNTINGTON BEACH, Feb. 13.—The work on the Coast boulevard between Huntington Beach and Sunset Beach is progressing well. The trestle work across the property of the gun club has been partly completed and the connection between this trestle work and Ocean avenue of this city is practically complete. There is quite a stretch beyond the trestle work which has not yet been touched. The paving of Ocean avenue within the city limits will probably begin next week.

Hon. Willis O. Tyler of Los Angeles, a graduate of the University of Indiana and of Harvard University Law School, delivered a patriotic address at the Methodist church Sunday evening. He is a colored man, a practicing attorney of Los Angeles and an orator of more than average ability. Judge W. H. Thomas of Santa Ana, was present and spoke briefly.

Arrangements have been made by the High School for programs celebrating Washington's and Lincoln's birthdays.

Floyd Dean, a linotype operator, was seriously injured last week, when the automobile which he was driving turned over into the drainage ditch along the boulevard near Westminster.

The library board has been considering the erection of a recreation hall on library property. Action has been postponed until next year. A drinking fountain will be installed in front of the library building.

A tennis club is being organized among the members of the High School.

A chemical fire engine is on exhibition in the city and may be purchased by the trustees, as the city is almost without fire fighting apparatus of any sort.

Miss Julia Baker of Colfax, Wash., has been the guest of Mr. and Mrs. C. R. Furr. Since her return Mr. and Mrs. Furr have gone to Arizona for a few days.

The Huntington Beach debating team was defeated at home by Venice and at Oxnard by Oxnard last Friday evening. The debates were of a high grade.

The funeral of Mrs. M. J. Shrack is to be held Tuesday morning at 10

MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry, Avoid Exposure and Eat Less Meat

—Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually causing in the joints and muscles stiffness, soreness and pain called rheumatism.

At the first twinges of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent, lithia-water drink which overcomes uric acid and is beneficial to your kidneys as well.—Advertisement.

Mr. and Mrs. Charles Nelson, Mrs. O. Linnett and daughter Marian, Rowland Nelson and George Carlson motored to Long Beach Sunday.

Guy R. Crump and family and Cleve Crump and family of South Pasadena, were Sunday guests of the Dr. J. C. Crawford family.

Mrs. Emma Buszek returned Friday from Lindsay, where she has been visiting her son, Marion Buszek, and family.

George Carlson of Rutland, Ill., is visiting his sister, Mrs. O. Linnett, for a few days, while touring Southern California.

Blair Whitney, formerly of this city, now attached to the quarantine service at San Francisco, was here Sunday, a guest of Mr. and Mrs. C. J. Porter at Villa Park. Whitney is in charge of Port San Pedro station for a week.

o'clock at the Methodist church. Mrs. Shrack has been ill for a long time and except for a single Sunday about three weeks ago when she was able to be at church, she has not been able to be away from her home for many months.

Mr. and Mrs. J. S. Spillers are the parents of a fine baby boy, born Saturday.

Mrs. Mary S. Stelson of Monrovia, has been the guest of friends at the "Linger Longer" during the past week.

Rev. J. W. Towry has gone to Brawley for a vacation of one week.

Eugene A. Frenger of Los Angeles, was the guest of friends in the city last week.

J. R. McCain, one of the old settlers of Huntington Beach, succumbed to an attack of pneumonia on Saturday night.

The vaudeville show planned by the Woman's Club will be given Friday evening, February 23, at the club house.

Mr. and Mrs. Frank Robinson of Barstow, who have been guests of Mrs. K. D. Robinson for several days, have returned to their home.

M. D. Rosenberger has been spending a few days at Phoenix, Globe, Mesa and Tempe, Arizona, where the family lived before coming to Huntington Beach.

C. H. Mansur and William Fines received the first degree of the Odd Fellows lodge last Wednesday evening.

Mr. and Mrs. G. E. Brett and son Austin, were the guests of Ernest Probert and family last week. Austin Brett is installing some new machinery at the Holly sugar factory.

The Woman's Club will hold a business meeting Tuesday afternoon at the club house.

Mr. and Mrs. T. B. Talbert entertained Tuesday evening of last week in honor of Gale Bergey and Miss Bell Crockett, the latter of Los Angeles. Mr. Bergey has been in the employ of T. B. Talbert for several years. On Wednesday Mr. Bergey and Miss Crockett were married in Los Angeles and have since taken up their residence in Huntington Beach.

Mrs. S. L. Blodgett entertained about twenty-five ladies at her home on Eighth street Wednesday afternoon in honor of her sisters, Mrs. Ellen Cheney and Mrs. C. M. Cheney.

Miss Zulu Elkin entertained the Christian Endeavor Society of the Christian church Monday evening with a Valentine party.

The Ladies' Aid of the First Christian Church are planning to give a George Washington social Friday evening, February 23, at the Christian church.

C. G. Boster went to his desert claim in the Hinkley Valley last week, seven miles from Barstow, where he arranged for the annual assessment work on his claim. He was accompanied by J. W. Carroll, who will remain on the ranch and do the work.

Mr. and Mrs. L. M. Lindsay had as guests from Orange, last week, Mr. and Mrs. J. D. Porter.

Mr. and Mrs. J. L. Connor went to Elsinore last week for a visit with their daughter, Mrs. C. E. Shank.

A call has been issued for the organization in Huntington Beach of a society of former residents of Canada.

Miss Elizabeth Lorbeer of the High School faculty, chaperoned a party of girls of the High School on a trip to Mt. Baldy over the week-end. The girls revelled in the snow and enjoyed their outing very much. The party was composed of Misses Norma Lorbeer, Mildred Yale, May Adair, Lora Heil, Hazel Harding. The party were guests of Mr. and Mrs. L. A. Lorbeer at Pomona Friday night and made the trip up the mountain on foot.

Mrs. Dora Mellette of Los Angeles, is the guest of Mrs. Mary V. Bushard.

The J. O. C. class gave a farewell party in honor of Miss Helen Kemmer Thursday evening of last week, at the home of Miss Mildred Yale.

Miss Laura Watts is taking a vacation of two weeks and is visiting her parents in Santa Ana.

Judge W. D. Seely has been elected manager of Tent City for the coming year.

Miss Alma Irene Bolton, daughter of Mr. and Mrs. W. H. Bolton, now of this city, was married at Yuma, Ariz., Saturday, at the home of her uncle and aunt, Mr. and Mrs. L. B. Stearns, to Rockford C. Reynolds, a sergeant of the fourteenth infantry.

H. A. Bowman, of the Huntington Beach Broom Co., reports a large number of advance orders for brooms. Several men are now at work at the factory and a reserve stock is being laid up.

Fern Bradbury and Ray Schaeffer were awarded the prizes for the best costumes at the fancy dress party given by the Junior class last Friday evening at the home of Leo Laverling.

Mrs. A. L. Reed of Whittier, has been the guest of Mrs. Lucy P. Goddard the past week.

STATE SCHOOL HEAD DELIVERS AN ADDRESS

HUNTINGTON BEACH, Feb. 13.—Dr. J. Harold Williams, of the State School at Whittier, delivered a lecture before the Parent-Teachers association last Friday afternoon. About 100 were in attendance.

The address by Rev. Henry Kendall Booth of Long Beach, at the club house Thursday afternoon, was much enjoyed. His subject was the literature of the Bible, and the lecture was given for the Woman's Club and their guests.

Leonard Obar and E. E. French have been elected delegates to the Associated Chambers of Commerce of Orange County.

FELT LIKE 90; NOW LIKE 21

—Many persons complain about feeling old before they should. Like a weak link in a chain, a weak organ enfeeblies the whole body. Overworked, weak or disordered kidneys lower vitality. "I suffered with pains in the back. I am 43 years old, but felt like a man 90 years old. Since I took Foley Kidney Pills I feel like I did when I was 21." In 50c and \$1.00 sizes. Rowley Drug Co.

CITY GIVING AID TO BAND THAT IS TO GIVE CONCERTS

Help is to Be Given in Advertising Projects—Old Surfacing Used

HUNTINGTON BEACH, Feb. 13.—In order to aid the newly-formed band to put itself in shape to furnish concerts during the summer, the city has invested in musical instruments to the value of about \$75. These instruments are to remain the property of the city but will be used by members of the band for concert work. About \$25 was also authorized spent for music for the same purpose.

The city has undertaken to aid in an advertising campaign that has been initiated for the benefit of Huntington Beach. A portion of the Tent City advertising expense will be borne by the city, as will also a portion of the cost of the city's participation in the San Bernardino orange show in which the future exhibit will be handled by the coast cities of Orange County.

Improvements will be made in Walnut street and other streets with oiled surfaces by the use of the oiled surface from Ocean avenue, which will have to be removed for the paving. The city will haul the surfacing and the owners of the property will see that it is laid.

SLOAN'S LINIMENT EASES PAIN

Sloan's Liniment is first thought of by mothers for bumps, bruises and sprains that are continually happening to children. It quickly penetrates and soothes without rubbing. Cleaner and more effective than musky plasters or ointments. For rheumatic aches, neuralgia pain and that grippy soreness after colds, Sloan's Liniment gives prompt relief. Have a bottle handy for bruises, strains, sprains and all external pain. For the thousands whose work calls them outdoors, the pains and aches following exposure are relieved by Sloan's Liniment. At all Druggists, 25c.

ERNEST PROBERT IS CITY'S ELECTRICIAN

HUNTINGTON BEACH, Feb. 13.—Ernest Probert has been appointed city electrician to succeed R. L. Ross, who has acted in that capacity for three years. Probert is the engineer who installed the electric system at the Holly sugar factory, and is now in the grocery business with W. L. McKenney.

EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS

"Pape's Diapiesin" is Quickest, Surest Stomach Relief Known Try It!

—Time it! Pape's Diapiesin will sweeten sour, gassy or out-of-order stomach within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is usually a sign of acidity of the stomach.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches or dizziness. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin helps to neutralize the excessive acid in the stomach which is causing the food fermentation and preventing proper digestion. Relief in five minutes is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to usually keep the entire family free from stomach acidity and its symptoms of indigestion, dyspepsia, sourness, gases, heartburn and headache, for many months. It belongs in your home.—Advertisement.

Cloride Is Growing

The mining camp of Cloride, Arizona, is moving again. Ever since 1860 Cloride properties have produced from the grass roots down, and up to the present time the camp has returned over \$50,000,000. In the last few years it has been demonstrated that the ore values not only go to a great depth but have increased as they go down. Present reports show that the District produced over \$8,000,000 last year, and this production is from a strip two miles wide and no longer than from Santa Ana to Huntington Beach. Judging from the present activity of the camp it is expected that the production will be increased to \$20,000,000 or over this year. The Hughes Arizona Copper Company's properties are located in the heart of this district. In their 360 foot tunnel they have ore values running \$139 to the ton, and an early production is expected.

Los Angeles Produce Market
Onions and potatoes, those two soaring commodities, again advanced in price yesterday. White globes are now worth 11 cents a pound and boiling onions are bringing 12 cents while the brown sorts are selling for from 10 to 10 1/2 cents. These quotations did not occasion surprise as there had been general predictions of higher prices for onions in the local market for some time. All grades of northern potatoes jumped to \$4.50 a hundred pounds Monday and seed and local stocks are now bringing the new figure of \$4.25 a hundred.

Notwithstanding these record-breaking prices, the consumer has only higher values to look forward to for several months yet.

As potatoes require from ninety to one hundred days to mature, it will be the first of April before the new crop can be expected to make its appearance.

BIG LEAGUES' MAGNATES MEET

NEW YORK, Feb. 13.—Suffering from doubtless learn today to its great relief that there never has been a chance for baseball players to pull off their threatened strike, and that all talk of such action is worthy only of youthful minds.

The two major leagues will hold their annual schedule and rules committee meetings in New York, beginning today, and all sorts of reasons for backing at the strike are expected to emanate from the subdued air at the Waldorf hotel.

If Dave Fultz thinks he has a player's strike in operation he should be

MAY'S WONDERFUL REMEDY

Cold Stomach, Cancer and Ulcers of the Stomach and Intestines, Auto-Intoxication, Yellow Jaundice, Appendicitis and other fatal ailments result from Stomach Trouble. Thousands of Stomach Sufferers owe their complete recovery to May's Wonderful Remedy. Unlike any other for Stomach Ailments. For sale by druggists everywhere.

a witness at today's proceedings, for it is time he was told differently. The strike will be officially called null and void so far as baseball magnates are concerned.

Besides this momentous announcement several wrangles are expected to develop in what otherwise would be a peaceful session. The National League head, John K. Tener, wants some changes made in the playing rules and so do a few others.

Tener believes the plate is too small, judging apparently by the efforts of some pitchers who draw pay checks from his cohorts, and he wants it broadened a full inch. Also, he will suggest with great concern that three balls shall constitute a walk, and not four. Many other suggestions which have been talked of are expected to find the light of day.

Changes in admission prices for the world's series contests probably will be brought up also. The American league has already gone on record as favoring a reduction in the tax for turnstile power. Ban Johnson wants only a double price of admission for all sections except boxes, which he would sell at \$5 each.

Ban Johnson is also expected to project his theory for a home for aged ball players—on which Mike and Joe Cantillon, who have been operating a similar place for years—have been working for some time. In fact, it was three years ago when Joe Cantillon first conceived the idea and began putting it up to the ball players. However, Ban takes the credit and is expected to talk about it.

CANADA PLANS NEW AIR ARMY

BY H. C. HAMILTON

United Press Staff Correspondent.
NEW YORK, Feb. 13.—Twenty reserve aero squadrons will be organized, trained and equipped for the British Royal Flying Corps by the Canadian government this spring. The announcement was made to the Aero Club of America by the Aero Club of Canada, of which Colonel W. Hamilton Merritt is president.

The aviation training schools being established in Canada to train the aviators are under control of the Imperial Army authorities. The Munitions Board has charge of having constructed the 360 training aeroplanes required. The British Government is said to intend spending \$80,000,000 in developing aeroplanes and aviators in the Dominion.

As in the case of the United States, the number of men anxious to join the Air Service is large. The waiting list numbers thousands, and the training will begin on a large scale in the spring. Candidates for the air service must be from 19 to 25.

The Aero Club of Canada at Toronto will assist in securing and training the aviators.

12,000 in Service
According to reliable reports from England, the British Government has spent \$250,000,000 for the air service in the last twelve months, in building up the Royal Flying Corps and the Royal Naval Air Service. There are about 12,000 aviators in the two services.

Henry Woodhouse, a member of the Board of Governors of the Aero Club of America, today said:

"The employment of the aeroplane in the present war is now general. Aeroplanes are used as cavalry, infantry, and artillery, reconnoitering, bombing, observing artillery fire, photographing the enemy's position and the like.

There are aeroplanes which carry 3½ tons of bombs, guns and munitions. Some of these mount three-inch guns, which make them literally flying artillery. These aeroplanes are used to attack trains, ships and bodies of troops. Operations are being extended more and more, and there is no doubt that the war is to end in the air.

To U. S. for Motors

"Other countries are also greatly expanding their air services, and many countries are looking towards the United States to supply the aeroplanes and motors—principally the latter.

"They want large, high horsepower motors in large quantities. Fortunately, American motors are now as good as the very best of European motors, and there are 17 different types of motors upwards of 150 H. P., being developed in the United States today.

"A number of these motors are being shown at the First Pan American Aeronautic Exposition at the Grand Central Palace from February 8th to 15th."

MUNICIPAL PIER AT SAN DIEGO COMPLETED

SAN DIEGO, Feb. 13.—The slips at the municipal pier will be completed tomorrow and will be used for the first time by the steamer President tomorrow evening. The vessels of the Pacific Steamship Company will use the municipal docks from this date on, having four sailings a week. The steamship offices have been moved to the municipal pier.

Three lumber steamers brought in to port in one day approximately 600,000 feet of lumber.

BOYS' CLUB CYCLES TO ORANGE CO. PARK

Seven members of the Santa Ana Bicycle Club, composed of ten boys, made a trip to the Orange County Park in Santiago canyon Saturday. The boys had luncheon at the park, climbed hills and then played "pirate" on the lake. Save for two blow-outs of a tire on one of the bicycles, nothing marred the day's outing. Those in the party were Lester Short, leader; Harold Mathews, president; Morris Read, Charles Read, Henry Wallace, Herman Raney and Wendel Finley.

MOTHER! GIVE CHILD 'SYRUP OF FIGS' IF TONGUE IS COATED

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels

—Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is, they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhoea. Listen, mother—See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well, playful child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Beware of counterfeiters sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

The Ever Appealing Marguerite

MARGUERITE CLARK, FAMOUS PLAYERS STAR IN PARAMOUNT PICTURES.

It has never been necessary for Marguerite Clark to make an appeal for popularity, either through publicity or otherwise. Her popularity has come because of her singularly appealing personality. People believe in her just the same as they did in Peter Pan's fairies, because everything she ever did was so real.

SPORTING NEWS OF THE WORLD

LEONARD SEEKS NEW CHANCE AT WELSH

BY H. C. HAMILTON
(United Press Staff Correspondent).
NEW YORK, Feb. 13.—When Benny Leonard, with an injured hand, fought a pair of scraps a couple of weeks ago in this city and patted Phil Bloom and Frankie Callahan all over the same number of rings, he proved conclusively to New York fight fans that he is ready for another crack at Champion Welsh.

Efforts undoubtedly will be made to get the two lightweights together in a twenty-round match. If they do mingle over the marathon route it is freely predicted here that Leonard is bound to win.

It is pointed out with considerable seriousness that, even if Leonard did not lay a glove on the elusive Britisher in the first ten rounds, he would be certain to catch up before the score was over. And when he did! They point to the deadly execution of Leonard's right hand.

In the bout with Bloom Leonard's left hand was absolutely helpless. The best he could do with it was a very poor attempt at guarding. He could not stab with it. He made a show of holding it in front of him, but it did little good. But, in no less than three rounds he had Bloom in a very bad way. And Bloom is one of the toughest lightweights in the game.

Frankie Callahan found the same conditions. He discovered that Leonard's left hand was in bad shape and he directed his efforts toward that side of his opponent, with some success. He made a better showing than Bloom, but in the end he was just as badly cut up by the vicious uppercuts and crosses from the Harlem boxer.

Leonard was fast, an excellent judge of distance, and he stopped numerous heavy blows from the gloves of his opponent.

Such a showing as this entitles Leonard to some consideration from the champion. Welsh has engaged in only one twenty-round contest since he won his title. He never has risked it more than that one time in a decision bout. It is time another real match was made for him, and Leonard apparently is the man.

WRESTLERS SIGNED
LOS ANGELES, Feb. 13.—Gus Kervaras and William Dementral have signed for a finish bout before the Los Angeles Athletic Club on the night of February 22. The wrestling match between these two heavyweights promises to be one of the most sensational ever staged on the Pacific Coast.

HERMAN BEATS SANDOW
CINCINNATI, O., Feb. 13.—Too clever for "Sammy" Sandow of this city, though the local man forced the fighting, "Pete" Herman of New Orleans, bantamweight champion, easily outpointed the southerner in a ten-round bout here.

RIVERSIDE WINS CAL. POLO CHAMPIONSHIP

RIVERSIDE, Feb. 13.—Leading by a narrow margin in almost every period of a terrific game, Riverside, by a score of 9½ to 8½ won the Pacific Coast polo championship from San Mateo in the opening match of the Riverside tournament. During the last minute of play, and with the tally even up at 8½, Frank Hudson drove through the winning goal, settling the fans delirious with excitement. The game, which, despite the absence of some of the crack eastern players, was full of "pep" from start to finish, was played in a drizzling rain.

FULTON BEATS WEINERT

NEW YORK, Feb. 13.—In less than two rounds of a one-sided go at the Madison Square Garden, Fred Fulton, the Minnesota giant, walloped Charlie Weinert of Newark. Only two minutes and twelve seconds of the second round had been fought when the referee halted the contest.

EBBETTS BELLIGERENT

NEW YORK, Feb. 13.—Declaring that he had fourteen players signed and that if the others did not want to sign at the salaries he offered he "didn't care," Charles H. Ebbetts, president of the Brooklyn Dodgers, arriving here to attend the National League meeting at the Waldorf today, said that he was in a finish fight against the Players' Fraternity.

SCHALLER SIGNS CONTRACT

SAN FRANCISCO, Feb. 13.—An announcement has been made that Walter (Biff) Schaller, left-fielder of the San Francisco club, has signed his 1917 contract. Del Baker, Detroit American catcher has written that he is ready to sign a Seal contract.

STOVALL AGAINST HOLDOUTS

LOS ANGELES, Feb. 13.—George Stovall will have nothing to do with holdouts. When the Vernon training begins, one week from Monday, those players who have not signed contracts will find pretty hard sledding.

OUCH! LUMBAGO! RUB PAINS FROM SORE, LAME BACK

Rub Backache Away With Small Trial Bottle of Old, Penetrating "St. Jacob's Oil"

—Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacob's Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacob's Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.—Advertisement.

Globe A-1 Flour

The right kind of food is everything in the proper development of children, both physical and mental. And nothing plays so important a part in their young lives as bread.

To make good, nourishing, home-baked bread and all kinds of bakestuffs use the best, all-round flour you can get—

Globe A-1 Flour

It is perfectly balanced flour in all the health-giving qualities of the wheat. It is not only best in food qualities, but is the easiest to bake with—it always gives good results.

GLOBE MILLS—LOS ANGELES.
